

Hey everyone this is HTML News here telling you about whats really going on

First off we are going to be talking about in face learning with Covid-19.

You always have to wear a mask while you are on school grounds. *Crazy isn't it?* isn't it.

As Someone once said "You will push through pandemics"

We will also be talking about how school buses are being handled.

As soon as children get on the bus the kids will be given an assigned seat, have to put on hand sanitizer, and finally always have their mask on. The bus is equipped with emergency masks incase someone does not have a mask with them.

The school is preparing a *Great Deal* for this pandemic
